THINK AND GROW RICH DISCUSSION GROUP

9. How close are you to achieving your dreams right now?

10. Since you are the captain of your fate and the master of your soul – what is preventing you from thinking your way to success?

Principles never fail – they always work. Principles are laws that always work if you follow them – If you follow them; you will succeed - **every time**. A law is not a principle unless it works 100 times out of 100 attempts. If you attempt something 100 times and it works 99 times but fails to work on the 100th time – it is not a principle – you were just lucky.

11. Using the thoughts in Think and Grow Rich, how can you translate desire into physical reality? State how you would do it in your own words.

12. How will you apply what you have learned so far?
